# IS YOUR BUSINESS SELLING PER KG, OR EARNING RUPEES?

The old way of doing business—fighting for low-margin, high-volume orders—is over. The future is in agility, customization, and profitability. This machine is your path to that future.

## WHO OWNS YOUR PLANT? YOU, OR YOUR OPERATOR?

**End your dependency on manual labor. It's time to take back control.**

- Cut Manpower Costs by 70% and achieve a full payback in as little as three years.
- Automate Your Entire Process in a single, efficient pass.
- Run on Your Schedule, Not Theirs. This machine is always ready.

## WHY SAY 'NO' TO HIGH-MARGIN ORDERS?

**Evolve from a basic corrugator into a high-value partner. It's time to capture these jobs.**

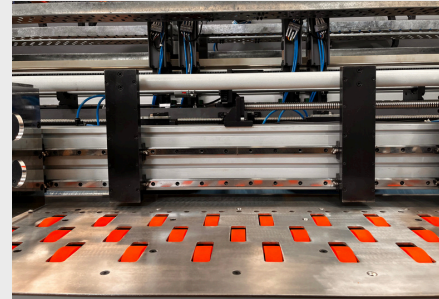

- Master Over 100 Box Styles
- Profit from Short Runs by turning on-demand, custom jobs
- Save space as one machine replaces multiple

## IMPORTED MACHINE? IMPORTED PROBLEMS.

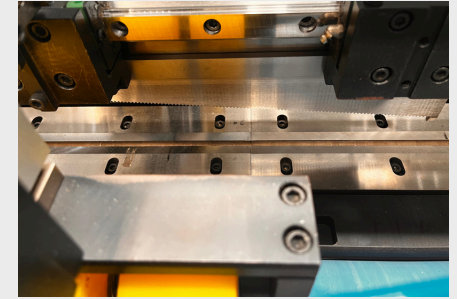

**Don't risk your production on support that's an ocean away. We are an Indian company, built for your peace of mind.**

- Fast Setup: Go from unboxing to full operation in just hours.
- Easy access and intuitive diagnostics make upkeep simple.
- Local Indian Support: We understand your business.
